In Greece, we provide technology support and support services for the operation of private gaming and the lottery through INTRALOT S.A., our parent company. Originally incorporated in Athens in 1992, we won our first domestic contract in 1993. We currently operate three contracts in Greece.

As the center of our Global operations, Greece is also home to our betting-trading center that controls our global fixed-odds betting activity, and significant research and development programs (Technology Hub), as well as our corporate headquarters which supports the wider INTRALOT ecosystem, employing approx. 480 employees at the end of December 31, 2021. As such, INTRALOT S.A. expenses serve the different projects, including among others the Greek projects, but the majority of the effort is distributed towards servicing and supporting the pipeline of won and upcoming contracts, as well
